Economic Impact Modelling

June 2026

FACULTY

The Faculty Forecasting Work

How fast are tasks being automated?

METR Time Horizon:

Software tasks, unbounded, LLM Only.

Faculty Bayesian Model (Paper 1):

Software Tasks, bounded, LLM Only.

Faculty Knowledge Work Time Horizon (Paper 2):

All Knowledge Work Tasks, bounded, LLM Only. GDPVal & Enterprise Val.

Faculty Scaffolded Time Horizon (Paper 3):

All Knowledge Work Tasks, Bounded, LLM + Agentic Harness. GDPVal & Enterprise Val.

How fast are jobs being automated and what does this mean?

Task > Role Mapping.

ONET & Blue Rose. Fairly Established

AISI Labour Market Impacts

How do task efficiencies roll up to jobs?

Faculty + ACN Workforce Planning Proposals

To help businesses plan

What re-rolling and new jobs appear?

Jobs forecast?

What does this mean for the economy?

How do roles & tasks affect sectors and the economy:

Create an economic Model

Which statistics to collect:

Propose which ONS and other economic indicators are required

Economic Forecasting

Forecast which sectors and countries win/lose and change
